

# Affinity Bio Technologies

Quality, Experience, Passion

## Affinity Precision Copper

Fully chelated copper that is highly compatible. Designed for tank mix assurance and effective nutrient management.

### CAUTION:

Avoid contact with eyes. Keep out of reach of children.  
If swallowed seek medical advice.

**Do not store in direct sunlight.**

### CONDITIONS OF SALE:

Affinity products are manufactured to label specifications.  
Affinity takes no responsibility for product damage, loss,  
injury or misuse of the product.

### COMPATIBILITY

Compatibility Affinity Precision Copper is compatible with  
most agricultural chemicals. However a jar test is  
recommended as some chemicals can react. Do not mix  
amines or calcium products.

**Do not store mixed product. Mix well prior to use.  
Refer to SDS for correct handling and safety protocol.**

Affinity Liquid Fertilisers works best when plants are actively growing  
and under reduced stress. Apply mid morning in dry conditions for best  
results. Do not spray in hot conditions. For best results consult a  
certified agronomist to determine crop deficiencies.

### ANALYSIS %W/V

Copper (Cu).....5.04%

Nitrogen (N).....3.15%
